1. HEALTH AND SAFETY POLICY STATEMENT

- 1.1 The College recognises that people are a key resource within the organisation and therefore fully accepts its responsibilities with regard to the health, safety and well-being of its staff, students within its care and where appropriate, visitors to its premises, and others who could be affected by its activities.
- 1.2. The College will provide and maintain, so far as is reasonably practicable, working and learning environments, on and offsite, and systems of work, which are safe, without risks to health, and as a minimum satisfy the Health and Safety at Work etc Act 1974 and associated legislation.
- 1.3. As employer the Board of Governors also understands the need to work in partnership with its managers and staff in the creation and promotion of the positive health and safety culture necessary to support the College in achieving its overall aim of providing an education of the highest quality and allowing all students to achieve their potential.
- 1.4. In recognising that staff have an important and beneficial contributory role to play in the management of health and safety arrangements, their participation in the consultation process will form an integral part in the planning and development of the safety management system. To assist in this process, effective arrangements for the communication of appropriate information will be formulated.
- 1.5. It is recognised that the control of health and safety is a management function with each level of management/supervision accountable to the one above and responsible for the one below.
- 1.6. Risks will be minimised by forward planning using competent staff trained and resourced to an appropriate extent whilst working to attainable standards.
- 1.7. The College recognises that the effective management of health and safety plays an important role in its overall performance as an educational establishment by;
 - 1.7.1. reducing injuries and ill health
 - 1.7.2. safeguarding students
 - 1.7.3. protecting the environment and by the avoidance of unnecessary losses and liabilities.
- 1.8. Health and safety performance will be subject to regular and routine monitoring, the results of which will be reviewed at least annually in order to maintain and improve where necessary the required standards.
- 1.9. The Organisation section of this document defines the duties and responsibilities of the Board of Governors, Principalship, Senior and Operational management and staff who will implement this Policy in the manner detailed in the Arrangements.

- 1.10. The Board of Governors require each member of staff, as well as all students and visitors to the College to exercise their individual responsibility under health and safety legislation to ensure their acts or omissions do not adversely affect themselves or others; and to co-operate fully with the College and its management.
- 1.11. Without affecting the generality of the above statement, the College will pay particular attention to the implementation of the requirements of the Health and Safety at Work Etc Act 1974 and associated legislation in so far as;
- 1.11.1 The provision and maintenance of plant and systems of work, which are safe, and without risks to health.
 - 1.11.2. The production of arrangements in connection with the handling storage and use of any article or substance to ensure safety and an absence of risk to health.
 - 1.11.3. The provision of suitable and sufficient information training and supervision necessary for health and safety purposes.
 - 1.11.4. The provision and maintenance of workplaces which are safe and without risk to health.
 - 1.11.5. The provision and maintenance of working environments and adequate arrangements for welfare at work.
- 1.12. This policy will be subject to review on at least an annual basis, significant changes to H&S legislation or change in senior management positions so as to ensure it continues to lead the development of standards of health and safety, which reflect the needs, and aspirations of the College.

3.1. The purpose of the plan is to ensure that:

3.1.1. Suitable and sufficient management arrangements, risk control measures, and workplace precautions are designed, developed and installed;

3.1.2. The safety management system is and remains effective by operating, maintaining and improving the system to accommodate and reflect changing needs, priorities and the risks presented by the activities of the College.

3.1.3. To ensure that the generic organisational hazards affecting the College are properly managed, risk assessments will be carried out and policies, procedures and guidelines produced for implementation by the appropriate managers.

3.1.4. The areas covered by these arrangements to date are:

- Risk Assessments
- Display Screen Equipment
- Legionellosis
- Manual Handling
- Personal Protective Equipment
- Asbestos
- COSHH
- Offsite Working
- Disabled Access/Special Needs
- Permit to Work
- Working at Height
- Provision and use of Minibuses
- Waste Management
- Personal Emergency Evacuation Plan
- Lone Working
- Electrical Safety
- Noise and Vibration
- Radiation Monitoring

3.1.5. These procedures will be subject to routine and regular review to ensure they remain valid and effective in addressing their specific risk areas.

3.1.6. Additional procedures identified as being required either by the risk assessment process or by the monitoring system will be produced and

incorporated in the safety management system on a prioritised basis.

- 3.1.7. Certain other issues relevant to the management of health and safety such as the procedures for behavioural management, selection and recruitment, staff training etc. can be found in other cross College policies and procedures.
- 3.1.8. Where appropriate operational information on these and other associated areas will be included in the series of Health and Safety Guidance Documentation. These can be accessed from the College intranet, under the heading of 'Health and Safety'

3.2. Monitoring

- 3.2.1. To ensure the effectiveness of the Health and Safety Policy in providing and maintaining environments and systems of work which are safe and without risk to health and where appropriate to the environment, the following procedures for monitoring have been established.
- 3.2.2. The Board of Governors will be presented with an annual Health, Safety and Environment report detailing the levels of compliance achieved on the standards set by their Policies.
- 3.2.3. Annually (or more frequently as required) College management and its activities will be audited to confirm that the overall organisation and its systems are effective with regard to the planning and implementation of its Safety Management System.
- 3.2.4. Annually (or more frequently as required) College premises and its activities will be inspected to confirm that Managers and Staff are satisfying their operational responsibilities and duties.
- 3.2.5. All managers are required to routinely and regularly carry out safety tours and inspect the areas within their control and where appropriate carry out operational risk assessments on the hazards identified, the results of which will be recorded and retained for the purpose of review.
- 3.2.6. All staff are required to routinely and regularly inspect the areas in which they are working and report any health and safety concern to their line manager.
- 3.2.7. Records of incidents and accidents are routinely assessed to assist in the risk assessment process and in the setting of priorities, where appropriate the manager responsible will carry out suitable and sufficient investigations to determine the cause/s and any remedial measures necessary.
- 3.2.8. The Health and Safety Advisor will analyse the accident/incident data and prepare statistical information to assist the annual review.
- 3.2.9. The Health and Safety Policy will be reviewed annually to ensure it continues to satisfy the aims and objectives of the College.

3.3. Safety Committee

The Health and Safety Committee will meet termly within the College to provide a forum for joint consultation on health and safety matters.

Membership comprises appropriate senior and line management, and representatives of the staff. The Health and Safety Committee, as well as fulfilling the statutory requirements, will:

- 3.3.1. Monitor and review the general working arrangements for Health and Safety including the College's Health and Safety Policy;
- 3.3.2. Act as a focus for joint participation in the prevention of accidents, incidents and occupational ill-health;
