Please see table menus & display for full product details

Catering Services at South Devon College support fair-trade, the local economy & suppliers where possible as part of our Sustainability Policy. We have made a conscious & important decision to move to fair-trade coffee in all of our outlets. In doing this we hope to achieve the following:

- Reduce our carbon footprint by minimising our "Food Miles" (the distance that food has to travel to get to us).
- A better deal for developing world farmers.
- Raise the awareness to our customers of the Green Agenda.
- Recycle & Re use commodities as part of our sustainability agenda. You can help us by using the designated re cycling bins.
- Offer the best produce at an affordable cost.
